ARIES

The Full Moon on May 19 will kick-start a fresh phase regarding shared assets, finances, duties or shared space. News may be unexpected but should put you on track in the big picture. Key decisions involving careful negotiations and talks over the next two months will take you places. Research your circumstances carefully to ensure your choices are the right ones long-term.

THE SCOPE - MAY

TAURUS

Venus in Taurus mid-May to early June will bring out your best qualities and you'll appreciate the chance to consider long-term changes in your life, especially those that involve love and money. The Full Moon on May 19 signals a fresh chapter in a partnership or agreement, business or personal (especially if it's your birthday). A trip, study or project could be transformational.

GEMINI

This stands to be transformative time and may involve sharing key assets or finances in a new way. Get set to embrace a fresh daily work or health routine. Venus in your sign for most of June will place your focus on your values and on who – and what – means the most to you. Consider your plans from a long-term point of view. You'll reap the rewards of good communication skills.

CANCER

The next two months are turning points. A fresh chapter in your personal life, property or with a creative project will appeal. The Full Moon on May 19 will spotlight your plans as you revitalise relationships. Energetic Mars in your sign from mid-May will motivate you to change the face of your daily life. You may begin a revitalising work or health schedule that will boost both areas.

LEO

The Full Moon on May 19 will shine a light on domestic matters. A trip or a key meeting may mean pleasant changes; you'll enjoy a reunion or the chance to relive an aspect of your past in June. You can make progress at work and health-wise. Socially, life will change: if you've been quiet socially, expect a busier time; and vice versa.

VIRGO

Get set to put a fresh agreement in place and to deepen a relationship. You may be drawn to update your communication device, vehicle or travel route. Venus and the Sun at the zenith of your chart in June spells a busy time; you are likely to be chattier and more outgoing and will enjoy the chance to introduce more varied aspects to your daily life. You may enjoy an inspiring holiday or a trip.

LIBRA

You're about to turn a corner in a financial or personal agreement, and this could feather your nest at home, and also provide long-term

security. Take the initiative with arrangements you make over the next two months, as you could open doors. You may experience strong emotions along the way, but if you combine your rational abilities with intuition, you'll make the right choices.

SCORPIO

Your long-term decisions will affect both your values and your finances, so be well-informed and avoid allowing strong feelings to dominate decision making. Your priorities are set to change; and so will your finances. Consider how best to boost relationships in this framework. A fresh chapter in your personal life will begin.

Developments may be surprising; be prepared to talk.

SAGITTARIUS

The coming months will involve sizable change in your personal life. This may be as simple as adopting a fresh health routine; or as complex as leaving a difficult work project. Finances and work can improve, so take the initiative and make changes. The Full Moon on June 17 will spotlight your true feelings about someone or yourself.

CAPRICORN

Aim to provide both yourself and someone close with more nurturing in your daily routine. The Full Moon on May 19 spotlights your role with a friend. If you've been quiet socially, prepare for a busier time, and vice-versa. You may experience key changes in a relationship, especially if you were born early to mid-January. Singles should mingle: you may meet a match.

AQUARIUS

Be prepared to reinvent an aspect of yourself. A domestic or work matter could progress swiftly, so ensure you are ready to change. You are ready to provide increasing support, both to yourself and to others. Singles may turn a corner romantically so reach out if you're looking for a partner.

PISCES

You'll feel ready to broaden your interests through travel, study or spirituality. Key news may signal a new agreement and surprise developments could seal a deal. Let your imagination and creativity soar; coming events could even transform your beliefs, activities and projects. A trip in June will pave the way to a fresh understanding of someone.
